

## **REMARKS/ARGUMENTS**

Reconsideration of this application is requested. Claims 12-22 are in the case.

### **I. SPECIFICATION**

The specification has been amended to incorporate customary headings, including a brief description of the drawings. These amendments conform to those made in the parent application, Serial No. 09/402,471, now U.S. Patent 6,713,278. In addition, an abstract has been presented based on allowed claim 12. No new matter is entered.

### **II. ALLOWED CLAIMS**

It is noted, with appreciation, that claims 12-22 are allowable as written. In light of this indication, and in order to expedite prosecution, claims 23-28 have been cancelled without prejudice to the possibility of pursuing that subject matter in a separate continuing application.

### **III. CLAIM OBJECTIONS AND REJECTIONS**

Claims 23-28 have been objected to or rejected for reasons detailed in paragraphs 4 through 8 of the outstanding Action. As noted above, claims 23-28 have been cancelled without prejudice. In light of this, withdrawal of the outstanding objections and rejections is believed to be in order. Such action is respectfully requested.
